ACADEMIC PROGRESS REPORT

1. **TEACHING & LEARNING ACTIVITIES:** The academic journey this term has been engaging and impactful, as we incorporated modern teaching methods and innovative learning programs to enhance students' understanding. All subjects were taught in a clear, structured, and organized way. We also had makeup (extra) classes to further strengthen their understanding and improve performance.
2. **EXAMINATIONS & STUDENT RESPONSE:** Our 2nd Term CBT Examinations were conducted diligently. Objective results were promptly displayed on the notice board after each paper, and students responded with great enthusiasm. Students have also been given their answer scripts.

3. **PARENTS' SUPPORT & PORTAL UPDATE:** We sincerely appreciate parents who have provided laptops or tablets, as this greatly enhanced the examination process. For those yet to do so, we kindly encourage you to make the necessary arrangements before the next exam period. We also appeal to parents to provide a personal MiFi (Wi-Fi device) for their wards to support digital learning.

ACADEMIC CONCERNS

We have observed that some of the SS 1 students who were transferred to Science Department based on parental requests are encountering challenges in coping with the curriculum. While we acknowledge the importance of parental preferences, we encourage parents to look into this matter. Remember, we are committed to supporting all our students in their academic journey and we will work closely with you to ensure the best possible outcomes for each student. As Helen Keller once said, "Alone we can do so little; together we can do so much." As we go on break, we encourage parents to encourage students to revise their notes, read widely, practice handwriting, and complete all holiday assignments.

STATUS QUO TO MAINTAIN

Students are advised to constantly comply with the moral and academic ethics of the school. All students are expected to dress in the appropriate uniforms and arrive on time, as punctuality is not just a good habit but also sets a conducive tone for the day. It has been observed that some students do not dress properly to school, such as not wearing ties, not using belts to properly hold their trousers (sagging), putting on inappropriate jeans, keeping long hair, not combing their hair, and keeping long fingernails.

PARENTAL GUIDANCE

We kindly appeal to parents to please monitor and guide their children at home. Pay attention to their online activities, relationships, and general behaviour. There are growing concerns about unsafe online chats and excessive video gaming among some JSS 3 students, which may affect their academics if not properly managed.

UPCOMING EVENTS FOR THE THIRD TERM OF 2025/2026: The valedictory service, graduation, and award-giving ceremony will take place towards the end of July. Children's Day will be celebrated on May 27, and Democracy Day on June 12. More information as regards to these events will be communicated when school resumes.
